Volume 4 Issue 2

Welcome To The Annual Gymkhana - and don't the jumps and barrels look good?

That's due to our USUAL mob of volunteers who painted until 6pm on Saturday last week (Oh, there were a few mutts too – you can tell which ones

because they still have tell-tail tale pink or white paint somewhere on their coats...). We still need more show jumps to be able to make up a good course so please enter in as many events as you can today and splash out – buy a handful of raffle tickets.

Welcome

Kylie, Katrina, Beth & Ernie Scilini

Our members all know the Scilini Family who have been coming to our clinics ever since our first one. Unfortunately the St Arnaud Pony Club is not active so the Scilinis found they were often the only ones at the rallies. We hope Katrina & Kylie can make up for any lost time and join in our busy year's schedule.

Horses get their water soluble vitamins from GREEN GRASS. Haven't seen much of it lately? I spoke to Pat Coleby on Thursday. She is Australia's well known and respected author of horse nutrition books. One of the very important messages she wanted to get over is the need to administer Cod Liver Oil to all horses that have no access to green grass at the moment. Keep the oil in a light safe container and administer it by syringing straight into your horse's mouth. Pat assured me that the horse will take it as long as it feels it is necessary.

Results

Glenlyon HT:

Sam - Dressage, 1st with 18 points, clear showjumping and CC, some time faults on

the CC, overall 4th place Grade 4

Kirsty - 4th after dressage with 24 points, clear showjumping and CC overall 2nd place, Grade 4

Tess - Had a fall in the showjumping, eliminated at the CC water jump
Toni - finished 16th after the dressage, clear Showjumping and CC but with time faults in both - This is the first time Toni hasn't been eliminated
