This months award goes to Louise Conway. Louise joined our club a short time ago and impresses me with her happy go lucky attitude.

Louise is often the first person to offer help at rallies and clinics and quite often takes the initiative to do things without being asked. She is wonderful with the younger riders and is willing to have a go at any task put before her. She has a great pony club attitude, laughing when she makes a mistake and has a magical smile when things go well. She is happy with any group, grading or task that I give her and is an asset to any team. Role models like Louise are very important in a club, as they are the people our younger members look up to and strive to be like.

**Thank You Saddleland
& well done to Louise**

Thanks to Lincoln & his team of workers who have spent many hours providing us with the magnificent water jump. Whilst Lincoln was waiting for the big equipment to arrive you would all have noticed that he was very busy creating cross country jumps all over the course.

Thank you to Chris & Kaye Cohalan for their great effort in purchasing and setting up our brand new PA system. Kaye & Chris spent most of the Sunday & Monday before the clinic getting it all up & running. No one has an excuse that they couldn't hear what's going on, I have heard from quite a few residents of Bealiba that it is crystal clear...

Space Clinic April 2005.

What a camp! Well done to Faye & Crew for a great 2 days, 3 days for some & 4 days for a few. Dressage lessons with Rosemary on Monday along with a little trail ride enjoyed by 13 riders, the welcome BBQ Monday night, and then into a very hectic & enjoyable 2 days of Dressage with Rosemary, Showjumping with Allan, Cross Country with Debbie, Making an Martian and a lead rope with Betty, Stargazing with the Professor, great meals by those miracle workers in the Kitchen, excellent weather, and no use for the 1st aid staff, what more could you want.....

Here are a few photo's out of the five hundred or so from the event, check out the rest in the index view folder.
